We're thrilled to announce that Hedy, your AI-powered meeting assistant, is now available for download on iOS devices!

Be the Brightest Person in the Room

Hedy is designed to help you excel in your business meetings, lectures, and conversations. With real-time insights and personalized suggestions, Hedy empowers you to contribute more effectively and confidently in any professional setting.

Key Features

• Real-Time Support : Hedy listens to your meetings and provides instant, contextual advice to help you navigate complex discussions.

• Customized Insights : Tailor Hedy's expertise to your specific needs, including leadership, emotional intelligence, and note taking.

• Private and Secure : Your conversations remain private and are only stored on your device.

• Easy to Use : Simply start Hedy at the beginning of your meeting or class, and receive discreet suggestions throughout the session.

How Hedy Works

1. Start your meeting or attend class as usual.
2. Open Hedy and let it listen to the conversation.
3. Receive relevant insights and recommendations via a discreet interface.
4. Ask Hedy questions for additional support during your meeting.
5. Review insights after the meeting to apply knowledge to future conversations.

We created Hedy to be more than just an AI assistant – it's a confidence booster, a knowledge enhancer, and a career accelerator all rolled into one app. Julian Pscheid - Founder, Hedy AI

Download Now

Hedy is now available for download on the App Store (https://ios.hedy.bot/) . Whether you're a business professional looking to contribute more effectively in meetings, or a student aiming to get the most out of your lectures, make Hedy your superpower for success.

Amplify your expertise – with Hedy. Download today and transform the way you participate in meetings and classes!
